Widget integration

> Widget was created successfully. To install the widget on the website, follow the installation instructions on this page.

▸ Step 1. Add the code to load the required libraries.

Insert the widget library load code at the very bottom of the website page, before the BODY closing tag.

```
<div id="zadarmaScripts"></div>
<script>
(function() {
  var script = document.createElement('script');
  script.src = 'https://my.zadarma.com/callmewidget/v2.0.9/loader.js';
  document.getElementById('zadarmaScripts').appendChild(script);
}());
</script>
```

▸ Step 2. Add the button code to the page

Insert the widget code into the page of the website where the "Call us" button should be placed.

Your widget code:

```
<div id="myZadarmaCallmeWidget"></div>
<script>
  var myZadarmaCallmeWidget;
  var myZadarmaCallmeWidgetFn = function() {
    myZadarmaCallmeWidget = new ZadarmaCallmeWidget("myZadarmaCallmeWidget");
    myZadarmaCallmeWidget.create({
"widgetId": "", "sipId":"", "domElement":"myZadarmaCallmeWidget" }, { "shape":"", "language":"en", "width":"", "dtmf":false, "font": "", "color_call": "", "color_bg_call":
"", "color_border_call": "", "is_custom_hover": 0, "color_call_hover": "", "bg_call_hover": "", "border_call_hover": "", "color_connection": "", "color_bg_connection": "",
"color_border_connection": "", "color_calling": "", "color_border_calling": "", "color_bg_calling": "", "color_ended": "", "color_bg_ended": "", "color_border_ended": ""
    });
  };

  if (window.addEventListener) {
    window.addEventListener('load', myZadarmaCallmeWidgetFn, false);
  } else if (window.attachEvent) {
    window.attachEvent('onload', myZadarmaCallmeWidgetFn);
  }
</script>
```
